

# PETER PIG CATALOGUE January 2009

## Welcome to the Peter Pig catalogue .

**Some Ranges in this catalogue are not generally carried at shows unless you request packs in advance.**

We do all of our own rule writing, figure design, mould and production work which allows us to have full control over the integrity of our work .Each range includes most, if not all , that is needed for the given period of warfare.

Most Peter Pig ranges are in 15mm. They come in packs of 8 figures or 4 cavalry and cost **£2.30**

Tanks and other non standard packs are priced individually in the catalogue.

We can alter the balance of poses **in the same pack** reference to your specification (**£2.70**) ie you choose how many of each available pose you want to make a total of 8.

**Rules For The Common Man** *All of these rules are written with playability and a feel for the period in view as the main criterion. Most of the rules use ordinary 6 sided dice. Each set contains new mechanisms and ideas for that period. Most sets have a play sheet as the rear cover. It is worthy of note that it is more difficult to write simple rules that reflect a period in history than to write complex ones. All rules are suitable for multiplayer or club games.*
