

PETER PIG Year 25

Welcome to the Peter Pig catalogue September 2011

We do all of our own rule writing, figure design, mould and production work which allows us to have full control over the integrity of our work. Each range includes most, if not all, that is needed for the given period of warfare.

Most Peter Pig ranges are in 15mm. They come in packs of 8 figures or 4 cavalry and cost **£2.50**

Tanks and other non standard packs are priced individually in the catalogue.

Catalogues are also available on the website as a PDF file each time we produce a new version. Some Ranges in this catalogue are not generally carried at shows unless you request packs in advance.

Rules For The Common Man. *All of these rules are written with playability and a feel for the period in view as the main criterion. Most of the rules use ordinary 6 sided dice. Each set contains new mechanisms and ideas for that period. Most sets have a play sheet as the rear cover. It is worthy of note that it is more difficult to write simple rules that reflect a period in history than to write complex ones. All rules are suitable for multiplayer or club games.*

These are the UK rule prices. Overseas postage on books is very high indeed and thus the basic rule price is higher too, in order to offset some of the extra costs involved.
